

KUMC Protocol to reopen Worship Services

We are so glad to be reopening KUMC to corporate Worship!! Some have asked what precautions we are taking with the reopening. This information is offered so that you can assess the risk of attending and decide if you want to attend now or wait a bit. We will be continuing with our online messages but they will be posted after the Sunday service. Here are some decisions made:

- **Groups: Each leader determines when to begin meeting. Some are meeting and some are not. Contact the leader/ S.S. Teacher to see if they are meeting.**
- **Sanitizing: We are sanitizing the church once a week (See Trustee's cleaning info following this), including toys. We also ask each group leader/ S.S. teacher to sanitize after their group meets.**
- **Chairs are arranged to allow for social distancing**
- **Enter by the main door and exit by the rear doors**
- **Masks are not required but are recommended for the safety of self and others**
- **We will utilize a drop box for the offering**
- **Food and drink may be provided and we ask individuals to choose whether to partake**
- **Nursery and Jr. Church will continue but we ask parents to choose whether to have your children participate. Class structure is up to its leader. We have no distancing protocol for children's ministries.**
- **We will continue greeting time but we ask you to refrain from hugs and handshakes**
- **Bulletins will be available but in piles to be picked up by an individual**
- **Gloves, paper masks and sanitizer are available**
- **A copy of CDC guidelines for Covid virus safety are available near the entry door. Please remain home if you are feeling sick.**

Again, this information is for you to determine whether you should begin attending now or at a later time and to give us guidance. I am looking forward to being together with you again!

Pastor Mark
